WHO WE ARE

A REGENERATIVE ADVENTURE HUB

OUR STORY

What started as a kite school has grown into something much bigger. Over the years, KSL evolved into a space shaped by people, ideas, and the place itself — where kitesurfing and wing foiling meet community, creativity, and nature.

We've trained local youth, created opportunities, supported families, and launched environmental initiatives — from mangrove restoration to education and cultural exchange.

Today, this journey continues through **The Kommune Collective**, an evolving ecosystem of projects focused on environmental action, creative collaboration, and meaningful travel.

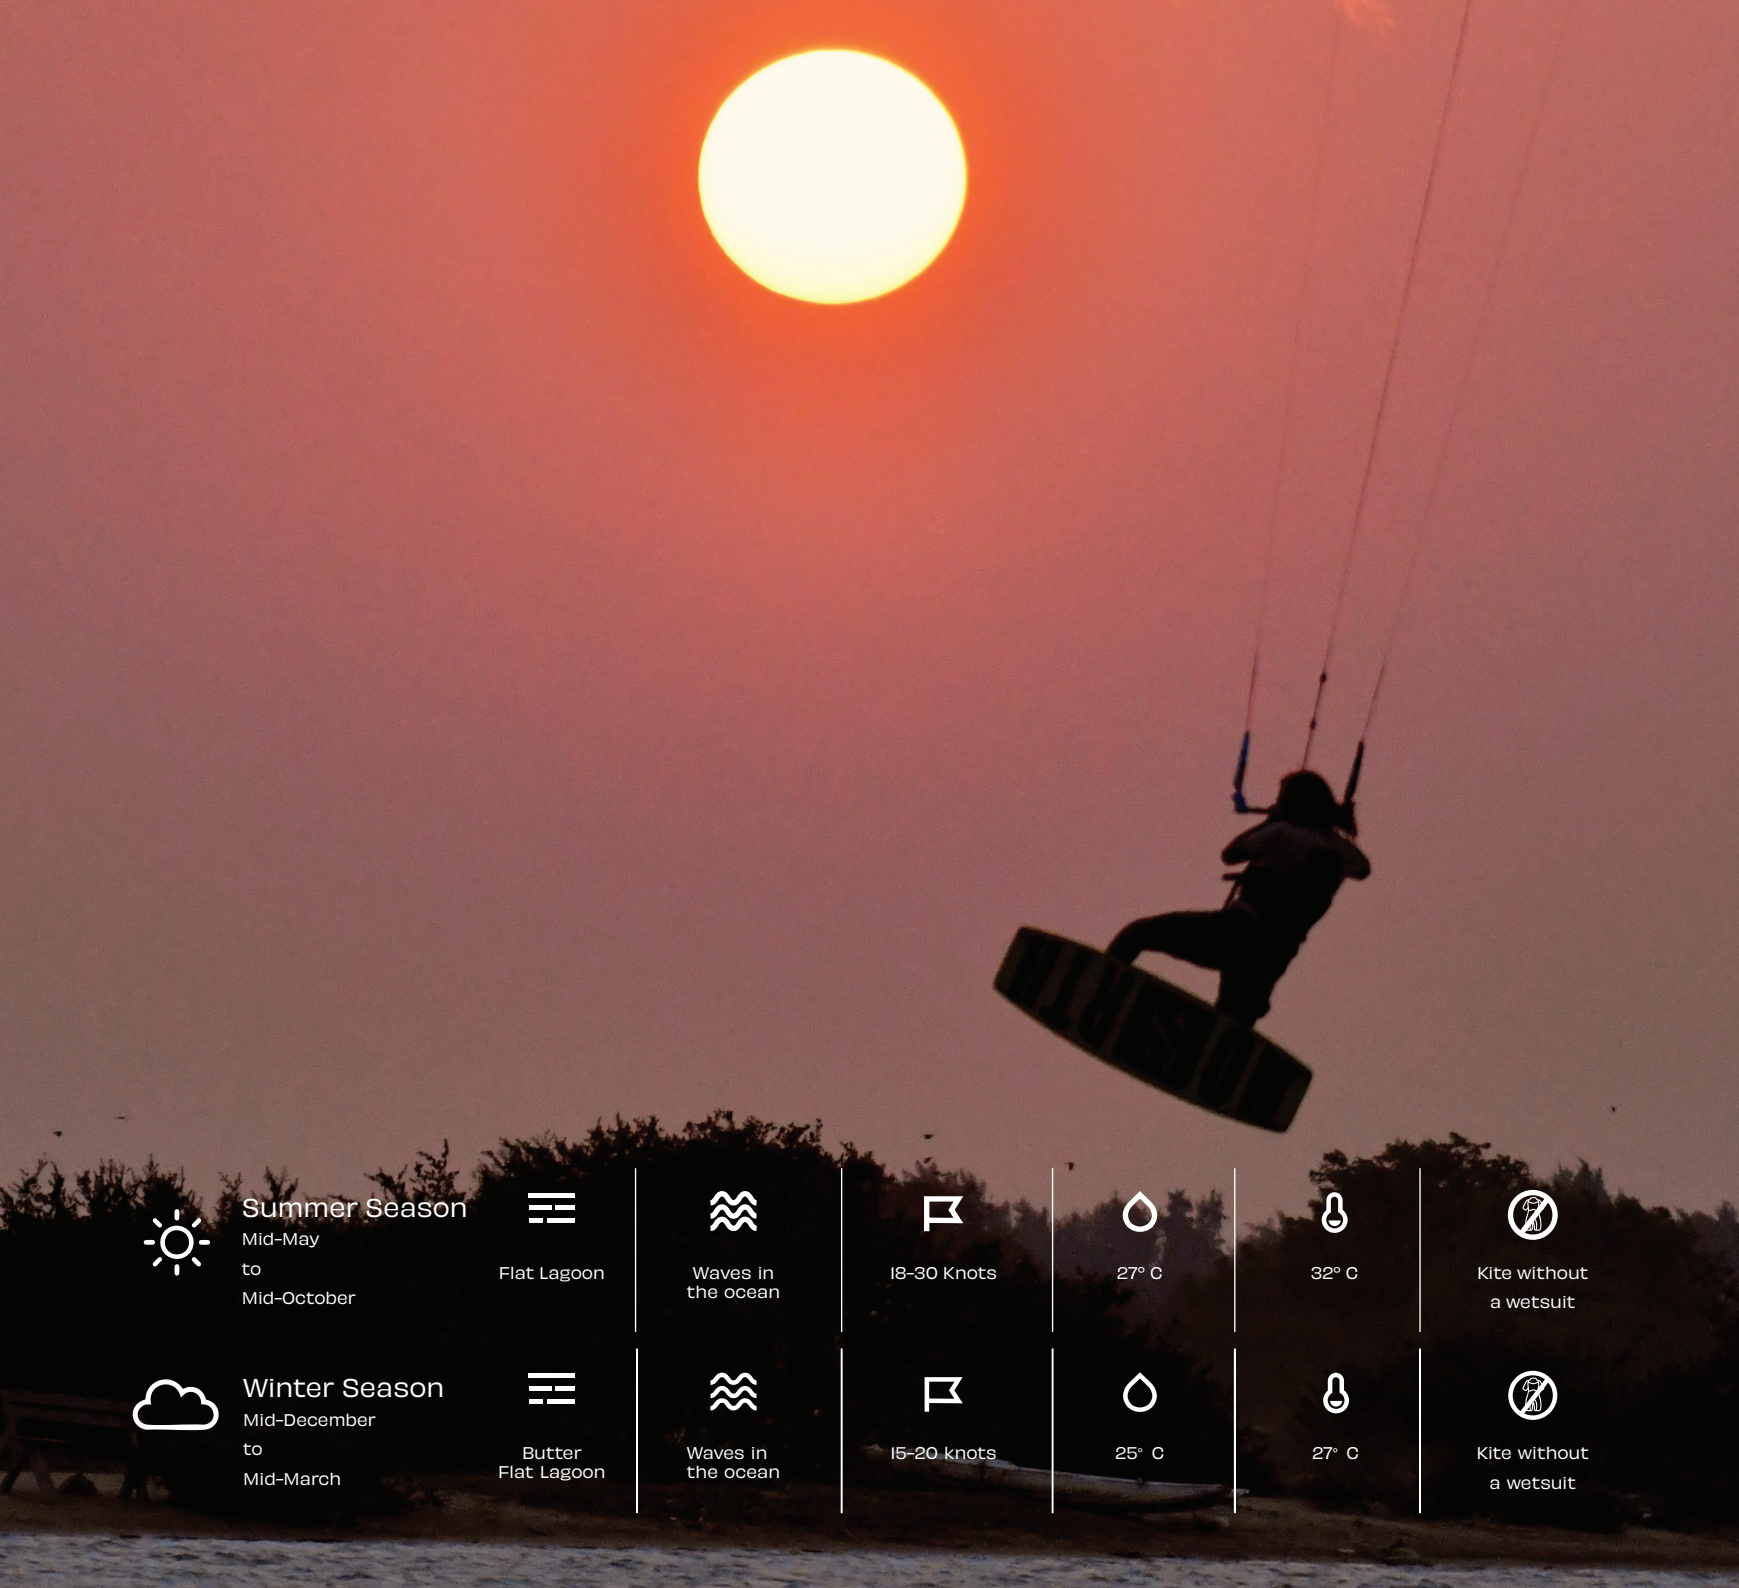

Not a resort. Not a hotel. A shared experience.

WHY KALPITIYA: ASIA'S MOST RELIABLE WIND DESTINATION.

Kalpitiya offers the most consistent wind condition in Asia — with steady thermal winds powering both the lagoon and the ocean for months at a time.

This means more time on the water, faster progression, and less waiting. Whether you're just starting out or already riding independently, Kalpitiya delivers conditions you can count on.

But it's not just about the wind.

Kalpitiya is where adventure meets nature. From kitesurfing and wing foiling on the lagoon to island trips, dolphin watching, and lagoon safaris — there's always more to explore.

Between sessions, the pace shifts. Yoga, wildlife, sunsets, and slow evenings by the ocean balance out the energy of the day.

COME FOR THE WIND. STAY FOR THE VIBE.

ISLAND TRIPS & ACTION SPOTS

VELLA ISLAND

DREAMSPOT

MINI VELLA

KITE SURFARIS

Kalpitiya offers a unique mix of easy-access daily sessions and unforgettable island adventures — all within one diverse playground.

PUTTALAM

KAPPALADY

NAVY POINT

Ride straight from camp at KSL Lagoon or explore nearby spots like Donkey Point. Or go further: discover remote sandbanks, hidden lagoons, and untouched islands like Vella Island or Dream Spot, where the conditions feel almost unreal.

BIG LAGOON

DONKEY POINT

KSL LAGOON

Each spot has its own character — from butter-flat freestyle lagoons to playful wave setups and long scenic downwinders. The variety allows you to progress, explore, and adapt your riding every single day.

GOOD TIMES

WHY GUESTS LOVE KSL

Guests consistently highlight the same things: a peaceful natural setting, a strong sense of community, and a team that makes every stay feel effortless.

From slow mornings surrounded by nature to vibrant evenings by the beach, KSL is a place where people arrive as guests and often leave as friends.

Isabelle Maier 

A true paradise for kitesurfers and windfoilers, as well as for those seeking rest and restoration through yoga and shiatsu massage. The atmosphere is wonderfully welcoming, with a warm, like-minded community that makes you feel at home from the moment you arrive. I already look forward to returning again this year.

Aline Francois 

A very nice and charming resort. The bungalow is clean, well-equipped with comfortable bedding and a lovely view.

The staff is attentive and welcoming. The buffet is excellent and offers a wide variety of specialties.

Special mention to Tylak who did everything to ensure a fantastic stay!

I highly recommend this resort.

Lotte Faber 

Super cool place to (learn to) kitesurf and chill. The food is very varied and flavorful, and the people who work there are super sweet and helpful.

Paula 

We had a great time here. Its a social hostel with very friendly and helpful staff, amazing food and a great kitebeach. In wintertime you can kite right in front of the hostel. There's also a beach bar next to the kitespot which is very nice. Would definitely recommend this place if you are looking for a cozy kite hostel and a nice flat water kitespot!

WHAT TO DO

ALL YEAR WINGFOIL GARDEN

KITESURFING & WING FOILING: EVERYTHING YOU NEED, ALL IN ONE PLACE.

Kitesurfing Lanka is built around one simple idea: make it easy for you to spend as much time on the water as possible.

Set on a former coconut estate with direct access to the lagoon, everything is close, connected, and designed around your day. Lessons, coaching, transport, and support run smoothly in the background so you can focus on riding.

Whether you're learning your first meters, progressing through transitions, or working on advanced tricks with dedicated coaching, the setup allows for fast progression and consistent sessions.

With a variety of spots nearby, you can ride flat water, explore downwinders, or move into the ocean as your level grows.

Off the water, the pace naturally shifts. Good food, open space, and a strong sense of community shape the experience.

THE SCHOOL

LEARN. PROGRESS. RIDE WITH CONFIDENCE.

At Kitesurfing Lanka, the focus is simple: helping you progress in a safe, efficient, and supportive way.

Our IKO-certified instructors teach in small groups or private sessions, always adapting to your level and pace. Whether it's your first time on a board or you're working on advanced tricks, every session is designed to move you forward.

The flat water lagoon offers ideal learning conditions, while the ocean gives you space to challenge yourself as you improve.

What you can expect:

- IKO-certified instructors with international standards.
- Small groups or private coaching tailored to your level.
- Ideal progression conditions in lagoon and ocean.
- Structured coaching from beginner to advanced level.
- A supportive, relaxed learning environment.

GEAR, RENTALS & SERVICES

HYDROFOIL & E-FOIL.

Not every day is about strong wind. That's where new ways of riding come in.

Hydrofoiling brings a completely different feeling to the water. Smooth, quiet, and almost weightless, it allows you to glide even in lighter conditions and adds a new dimension to your sessions.

When the wind drops, e-foiling takes over. Powered by an electric motor, you can ride independently of the wind and turn calm water into your own playground.

GEAR & SETUP

Everything you need is already here. We work with a carefully selected range of reliable, high-quality equipment suited for different levels and conditions.

Our team will help you find the right setup based on your level and goals. Reliable gear. Ready when you are.

NOURISH

WHERE IT ALL COMES TOGETHER.

The Camp Bar & Restaurant: Eat. Connect. Repeat.

Welcome to your new daily ritual. From authentic Sri Lankan buffets to fresh island flavors, our communal dining space is the pulse of the camp. Grab a drink at the plastic-free Camp Bar, challenge the crew to a game, and settle into the ultimate island social life.

The Sunset Bar & Restaurant: Beachfront Freedom, All Day Long.

Step directly from the sand into the Sunset Bar & Restaurant, your "bridge to the beach." Open from sunrise to late night, it's the ultimate spot for wood-fired pizzas, fresh seafood, and the best sunset views in Sri Lanka. Whether you're diving into beach volleyball, mastering a Sri Lankan cooking lesson, or dancing at our legendary windy-season Saturday parties, the vibe here is unmatched.

WELLNESS

RECHARGE. MOVE. RIDE AGAIN.

At Kitesurfing Lanka, wellness is not separate from the experience. It's what keeps you going. Long days on the water take a toll on your body. That's why we focus on recovery that actually makes a difference. Think mobility, strength, and targeted sessions that support your riding — especially shoulders, core, and hips.

You can join yoga sessions designed for riders, reset with a Shiatsu massage, or simply slow down and give your body time to recover.

If you feel like moving without a board, there's more to explore. Kayaking through the mangroves, dolphin watching, or just stepping away from the wind for a moment. It's about finding the right balance between pushing yourself and recharging — so you're ready for the next session.
